

7. TIMELINES (As per CERC approved REC Procedures)

7.1 The State Agency shall grant/undertake accreditation of those generating facilities which are proposed to be commissioned within period not exceeding 6 months from the date of application for accreditation made by the applicant. The State Agency shall undertake the accreditation for existing RE Generation Projects whose PPA, with the obligated entity, either directly or through traders, for the capacity related to such generation to sell electricity at a tariff determined under section 62 or adopted under section 63 of the Act by the Appropriate Commission, for the purpose of meeting its renewable purchase obligation, is going to expire during next 6 months.

The State Agency shall grant/undertake accreditation of those distribution licensees which have obtained a certification from the Appropriate Commission as per format 1.4 towards procurement of renewable energy.

- 7.2.** Once received, the State Agency shall inform the applicant with regard to the incompleteness of the application within 7 working days.
- 7.3.** The Applicant shall furnish the details as requested by the State Agency within 7 working days so as to enable State Agency to undertake the accreditation of the generating facility.
- 7.4.** In case the applicant fails to furnish the information requested by the State Agency within the stipulated time frame, the State Agency may abandon the accreditation and retain the processing fees.
- 7.5.** The process of accreditation by the State Agency shall normally be completed within 30 working days from the date of receipt of complete information by State Agency.
- 7.6.** The Eligible Entity shall apply for revalidation or extension of validity of existing accreditation at least three months in advance prior to expiry of existing Accreditation.
